GENERAL DEPARTMENT.

Resolution no. 8969.

Bombay Castle, 27th October 1919.

ROYAL ASIATIC SOCIETY OF THE BOMBAY BRANCH IN THE LIBRARY

Read—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the administration of local boards in the Bombay Presidency during the year 1917-18.

RESOLUTION.

Number of Boards.—During the year under review the number of district and taluka local boards in the Presidency including Sind remained the same as in the preceding year, namely, 26 and 215, respectively.

2. *Area and population.*—There was a decrease of 41 square miles in the total area in charge of the boards. A decrease of 30 square miles was recorded in the Central Division in the East and West Khandesh districts due to the exclusion of the areas of municipal districts. The area of the Upper Sind Frontier district which decreased last year showed a further decrease of 11 square miles through erosion by the river. The very large decrease in the figures of population is due to the exclusion of the figures of municipal population in accordance with Government Order no. 5522, dated the 8th August 1918. The total population shown in statement no. I appended to this Resolution is 16,159,810.

3. *Constitution.*—During the year under review the district local boards of Bijapur, Kaira and Poona and all the taluka local boards in the two latter districts were reconstituted by reducing the number of nominated members to one-half the number of elected members. In Sind the district local board of Larkana was reconstituted with a two-thirds elective element, and the total number of members was raised from 25 to 30. The taluka local boards of Tatta, Mirpur Sakro, Sujaval, Jathi, Mirpur Bathero and Shah Bander in the Karachi district and those in the Sukkur district were also reconstituted with a two-thirds elective element. The taluka local board of Digri in the Thar and Parkar district whose triennial term expired during the year was also reconstituted. Except in the four talukas in the Thar and Parkar district and in those of the Upper Sind Frontier district which are not yet ripe, the elective franchise was in force in the whole of the province.

4. *Elections.*—In the Northern Division a bye-election for the Vaghech group in the Bardoli taluka of the Surat district was held on account of a casualty. There were two candidates, and keen competition was reported. One seat of an elected member on the district local board, Surat, was refilled by election.

5. *Meetings.*—The total number of meetings held during the year rose from 1445 to 1493, of which 161 proved abortive for want of a quorum. The rule regarding the holding of half-yearly meetings was complied with by all the district boards. Three taluka local boards in the Northern Division, nine in the Central Division and one each in the Southern Division and Sind failed to hold the prescribed number of meetings in the year. The average percentage of members attending the meetings in the Northern, Central and Southern Divisions and Sind was, respectively, 57, 49·30, 52·7 and 47·44 as against 58·92, 51·56, 57·7 and 51·86 in the preceding year.

6. *Income.*—The aggregate income of the boards rose from Rs. 86,04,000 to Rs. 87,35,000. The following statement compares the receipts under the principal heads of revenue with those of the preceding year :—

	1917-18.	1916-17.	Increase.	Decrease.
		Rupees in thousands.		
Land revenue	3,56	3,53	3	.....
Provincial rates	30,49	33,25	.....	2,76
Interest	20	16	4	.....
Police	2,71	2,07	64	.....
Education	32,29	30,40	1,89	.....
Medical	1,54	97	57	.....
Scientific and other minor deptts.	90	82	8	.....
Miscellaneous	54	34	20	.....
Civil Works	15,12	14,48	64	.....

7. *Provincial rates.*—The large decrease of Rs. 2,76,000 under this head is distributed as follows :—The Northern Division Rs. 1,15,000, the Central Division Rs. 90,000, the Southern Division Rs. 14,000 and Sind Rs. 57,000. In the Northern Division Kaira, Broach and Thana are responsible for the decrease. In Kaira the decrease is due to remissions and suspensions of land revenue. In Broach it is ascribed to the postponement of the first instalment of land revenue on account of the lateness of the season, while in Thana it is due to recovery of less non-agricultural assessment in the Salsette taluka. In the Central Division the districts of Poona and Satara not only absorbed the increases of other districts which amounted to Rs. 28,000 but were responsible for a net decrease of Rs. 89,615, the larger decrease being in the Satara district, (Rs. 90,173), the Collector of which explains that it is only nominal and due to the change of system of accounts. The increase in West Khandesh (Rs. 12,871) and Sholapur (Rs. 7,622) was due to adjustment of accounts and that in Ahmednagar (Rs. 5,600) to the credit of the cess for 1916-17 to the accounts of 1917-18. In the Southern Division the net decrease of Rs. 14,000 was shared by Bijapur, Dharwar and Kolaba and was largely due to the non-recovery of instalments due before the close of the year. The increase of Rs. 11,000 in Belgaum was due to the levy of second revision settlement rates in some talukas. In Sind all the districts except Karachi recorded decreases under this head, the districts of Larkana, Nawabshah and Thar and Parkar being mainly responsible. In Larkana the decrease of Rs. 22,000 was due to the grant of remissions on account of the floods. In the Thar and Parkar district there was a large shrinkage in cultivation owing to the closure of Jamrao for clearance and to deficiency of water in canals in the Nara Division in the beginning of the cultivation season. In the Nawabshah and Upper Sind Frontier districts the decrease was due to the bad condition of crops. In Sukkur it was due to less favourable inundation and untimely heavy rain, which damaged the crops. On the other hand the increase in Karachi (Rs. 16,000) was due to extended cultivation and the introduction of revision settlement rates in the Shah Bander division.

8. *Education.*—The increase of Rs. 1,89,000 in the receipts under this head was shared by all districts except in Sind. The increase was chiefly due to larger grants from Government for opening new schools, improving the pay of teachers and building grants. In Sind the decrease, which is most marked in Hyderabad (Rs. 28,000), was due to smaller grants from Government for school buildings. In the Nawabshah district some of the grants due for the year were not brought on the books.

9. *Medical.*—The increase of Rs. 57,000 under this head was shared by all the Divisions and Sind. The increase of Rs. 35,000 in the Southern Division, however, was not real, being due to a change in the procedure of crediting Government grants towards dispensaries. The increase of Rs. 1,600 in Kolaba was due to the receipt of popular contributions for the Cheul Revdanda dispensary. In Sind Nawabshah recorded the largest increase of Rs. 10,000, which is attributed to the additional grant of Rs. 7,000 from

Government towards the construction of a medical dispensary at Sinjhoro and the receipt of Rs. 3,000 on account of a grant-in-aid towards it.

10. The increase of Rs. 64,000 under the head "Police" was mainly due to a large number of impoundings under the head 'Cattle Trespass Act'.

11. *Civil Works.*—Under this head there was an increase of Rs. 1,14,000 in the Central and Southern Divisions and in Sind, counterbalanced by a decrease of Rs. 50,000 in the Northern Division. The main sources of income under this head are (*i*) tolls on ferries and roads and (*ii*) Government and popular contributions.

Under the sub-head "Contributions from Government" in Broach in the Northern Division a decrease of Rs. 15,614 was recorded. In the Central Division the increase was due to larger provincial grants on account of civil buildings and equipment in the Ahmednagar and Poona districts. In Sind the increase of Rs. 65,000 represents the special grant from Government for the repairs of roads in the Larkana district which were damaged by floods from the Indus and heavy rains.

Under "Other contributions" the net increase in Belgaum was due to a contribution of Rs. 7,000 from certain Native States for the construction of a causeway over the Hirehal Nala and of Rs. 1,000 from the Sardar of Wantmuri for the construction of the Wantmuri-Pachhapur Station Road.

12. *Expenditure.*—The total expenditure of the boards amounted to Rs. 86,09,514 against Rs. 81,60,099 in the preceding year. The following statement shows the distribution of expenditure under the several heads as compared with that in the preceding year :—

	1917-18.	1916-17.	Increase.	Decrease.
		Rupees in thousands.		
Administration	98	75	23	.....
Education	38,07	35,64	2,43	.....
Medical	6,26	5,39	87	.....
Scientific and other minor departments	1,35	1,34	1	.....
Stationery and Printing	12	13	.....	1
Miscellaneous	1,26	1,19	7	.....
Civil Works	33,41	34,78	.....	1,37
Debt	3,67	1,57	2,10	.....

The most important variations in the above figures are commented on below :—

13. *Education.*—The increase of Rs. 2,43,000 under this head which was contributed to by all the Divisions of the Presidency proper and Sind is chiefly due to (*i*) grant of code pay to teachers in primary schools, (*ii*) opening of new schools and (*iii*) payment of grain compensation allowance.

14. *Medical.*—The expenditure under this head rose from Rs. 5,39,000 to Rs. 6,26,000. The increase was shared by all the Divisions as well as Sind and was partly due to the high prices of drugs on account of the war. In the last year's review reference was made regarding the quininization of children in schools. Experiment in this direction was made in the fever season in the extremely malarial tracts of the Bijapur and Kanara districts, and the results obtained were satisfactory.

15. *Scientific and other minor departments.*—Under this head there was an increase of Rs. 3,000 in the Northern Division and in Sind counterbalanced by a decrease of Rs. 2,000 in the Central and Southern Divisions.

16. *Civil Works.*—The expenditure under this head fell off by Rs. 1,37,000 as compared with the preceding year's outlay of Rs. 34,78,497. The Northern Division alone contributed Rs. 1,18,000 towards this decrease. The expenditure for the whole Presidency represents 38·81 per cent of the entire expenditure of the boards against a corresponding proportion of 42·63 per cent in the

preceding year. The following statement compares the charges under the various heads with those of the preceding year:—

		1917-18.	1916-17.	Increase or decrease (+ or—).
		Rupees in thousands.		
Buildings ...	Original ...	2,11	3,37	-126
	Repairs ...	1,60	1,51	+9

Staging bungalow fees ...	...	9	10	-1
Arboriculture ...	...	1,46	1,42	+4
Miscellaneous ...	...	17	16	+1

17. *Communications.*—The major portion of the outlay on "Civil Works" was, as usual, devoted to the construction and repair of roads and bridges. In the Northern Division the expenditure on original works rose from Rs. 80,031 to Rs. 82,464 and under 'Repairs' from Rs. 4,54,784 to Rs. 4,61,707. The increase of Rs. 10,184 in Kaira was due to a new road from Anand to Napa having been taken up during the year. Surat spent Rs. 34,425 less than in the preceding year, but three new roads, *viz.*, (*i*) a murrum road from Atgaon school to join the Bulsar Kajan road in the Bulsar taluka, (*ii*) a road from Abrama to Bulsar Railway Bridge and (*iii*) a road from Katargam to Siganpur in the Chorasi taluka were constructed during the year. In Thana a new road to Jambul Mohili was constructed. In the Central Division the expenditure on original works fell by Rs. 16,870, the districts of Ahmednagar, East Khandesh and Sholapur being mainly responsible. The increase of Rs. 46,160 under 'Repairs' was shared by all the districts except West Khandesh and Sholapur. In the Southern Division the expenditure fell from Rs. 4,23,000 to Rs. 4,21,000. In Belgaum the construction of a causeway by the Public Works Department over Hirehal Nala and the Kudchi-Terdal Road at a cost of Rs. 10,000 was nearly completed. The Sar Desai of Wantmuri generously offered to pay the expenses of constructing a metalled road from Wantmuri to Pachhapur Railway Station estimated at Rs. 41,216, and the work has been started. In Ratnagiri Rs. 7,000 were spent on the Dabhol-Dapoli Road, and six important roads were transferred from the local board to the Public Works Department. In Sind the expenditure under this head rose from Rs. 4·27 lakhs to Rs. 4·70 lakhs.

18. *Water Supply.*—The expenditure under this head showed a net decrease of Rs. 56,000 on the preceding year's outlay of Rs 2,69,000. The Northern and Southern Divisions and Sind contributed towards the decrease, which was counterbalanced to some extent by an increase of Rs. 9,000 in the Central Division. In the Northern Division the expenditure showed a net decrease of Rs. 41,000, for which all the districts were responsible. In Kaira, though less money was spent on making new wells, increased expenditure was incurred on repairs of old ones. In Broach the decrease of Rs. 13,000 was due to special water works having been undertaken in the Jambusar taluka in the preceding year to relieve the distress occasioned by insufficient rains. In Thana twenty-three new wells were constructed, and the deepening of a tank in the Mokhada petta was carried out at a cost of Rs. 10,900. Also Rs. 9,600 were spent on repairs to wells and other sources of water supply.

19. *Arboriculture.*—The expenditure under this head showed a net increase of Rs. 4,000 on the preceding year's outlay. The Northern and Central Divisions and Sind showed an increase of Rs. 9,000, which was counterbalanced by a decrease of Rs. 5,000 in the Southern Division. In the Northern Division all the districts except Thana contributed to the increase. In Sind the

total length of roads newly planted with trees during the year under report was 171 miles.

20. *Closing balances.*—The table appended to this Resolution shows, with divisional totals, the opening and closing balances of the district local boards. The aggregate of the closing balances of all the boards of the Presidency amounted to Rs. 30 lakhs against Rs. 28½ lakhs in the previous year. A considerable portion of these balances belongs to the educational fund. In the Northern Division the balances in all the districts except Broach are far in excess of the prescribed minima. Broach shows a deficit of Rs. 13,924 due to the postponement of the first land revenue instalment and consequent late receipt of the local one anna cess during the succeeding year. In the Central Division the unspent balances of the boards at the end of the year aggregated Rs. 9,91, 622 as against Rs. 9,23, 845 in the preceding year. In the Ahmednagar, East Khandesh, Satara and Sholapur districts the surplus balances include a large amount of unspent educational fund. The excess in Poona, West Khandesh and partly in East Khandesh was due to receipts of Government grants at the close of the year. In the West Khandesh and Sholapur districts the excess was also due to dearth of labour. In the Nasik district the failure on the part of many of the taluka local boards to carry out the programme of works was responsible for the excess. In the Southern Division the balances still continue to be large in the Belgaum, Dharwar, Bijapur and Ratnagiri districts. In Belgaum educational balance forms the bulk of the closing balance. The excess in Dharwar includes (*i*) Rs. 46,559 received after the close of the year on account of building grants which were not budgeted for on the receipt side; (*ii*) Rs. 6,000 received as a grant towards the Shiggaon dispensary building which was started only at the end of the year; (*iii*) Rs. 47,905 reserved as the balance of the educational department at the time of preparing the budget; (*iv*) Rs. 24,000 representing the balance of the allotment which the Public Works Department could not utilize; and (*v*) Rs. 32,000 representing the balance which the taluka local boards were not able to spend during the year. In Sind although there was some reduction in the closing balances of most of the districts still they were much in excess of the prescribed minima. As regards these increases, the Commissioner in Sind observes :—

> "It will, however, be observed that the boards spent more than their actual earnings of the year, but were unable to dispose of the balances accumulated in the previous years. It is a general complaint that owing to the scarcity of labour and enormous rise in the price of materials caused by the war it is not possible to complete works. 47 per cent of the balances represents funds earmarked for educational purposes and are at the disposal of the Educational Department, over whose expenditure boards have very little control."

21. *Works Committees.*—In the Northern Division works committees consisting for the most part of non-official members were appointed in all the districts. In the Ahmedabad, Kaira and the Panch Mahals districts the works committees are reported in some cases to have done fairly good work. In the Kaira as well as in the Panch Mahals district the system of maintaining a visitors' book on each work has been introduced. In Surat the members evinced little interest in their work. In respect of the works committees in Broach, the non-official President of the Board remarks :—

> "The anticipations of improvement in their work during the year were not realized, though some members, particularly the sub-divisional officers, took interest in inspecting the works allotted to their charge. An effort was made during the year to stimulate individual members of the committee to discharge their duties satisfactorily, but no appreciable result could be seen. However, under the present system the functions of this committee are so important that the matter could not safely be allowed to remain at this stage. Even more strenuous attempts will have to be made to infuse more spirit and life in the work of these committees during the next year, and I still hope that non-official members will take a more genuine interest in this important work of supervision and control."

In the Central Division the work of the works committees in the Ahmednagar district except in the case of the Akola, Newasa, Kopergaon, Rahuri and Sangamner taluka board committees is reported on the whole to have been satisfactory. The Collector of East Khandesh remarks that as usual some of the members of the works committees appointed by taluka boards took interest in their duties and showed it by inspecting works under construction. The works committees of Pachora, Chalisgaon and Jamner seem to have done good work so far as inspection of works is concerned. The system of giving small works on contract to village patils and punchas was tried in West Khandesh. This system, the Collector remarks, calls for much personal effort on the part of the taluka officials in the matter of persuading recalcitrant villagers, but is gradually working its way into favour. In the Southern Division a few non-official members showed some interest in supervising works entrusted to them. As regards the Kanara system of electing village committees for supervising and carrying out village works, it is reported that the system has worked well in the below-ghat talukas of Kumta and Honavar, but in the above-ghat talukas it was not a success owing to the scarcity of labour and the apathy of the members. The Collector of Ratnagiri reports that in Rajapur, Malwan and Vengurla, in which the committees were in existence, the system worked well. The Kanara system was commended to the Belgaum and Dharwar boards for adoption. The Belgaum board, though they consider the system useful, have preferred to wait until it can be seen whether the same object cannot be secured by the introduction of the Panchayat system. The Dharwar board do not consider it useful for adoption. In Sind the members of works committees in all the districts except Sukkur and Upper Sind Frontier rendered useful assistance in the supervision of works. In Sukkur the members of works committees are reported to be apathetic and far too tolerant of corruption. In Upper Sind Frontier district membership of local boards is still looked upon as a purely honorary distinction, and the members consider that it is the business of the officials to attend to local fund works.

22. *General.*—During the year under review the administration of the boards was on the whole satisfactory. The income and expenditure of the boards rose from Rs. 86,04,000 and Rs. 81,60,000 to Rs. 87,35,000 and Rs. 86,10,000, respectively. The increase under the two heads cannot be assigned to any general causes. The non-official members took fair interest in the work of their respective boards, and instances of apathy on the part of non-official members are becoming rare. Improved road communications represent the great want of Sind. The Commissioner remarks that for the progress of Sind, intellectual, economic and political, the construction of good roads is an absolute necessity.

The distinctive feature of the year was the appointment of non-officials as Presidents of district local boards as an experimental measure in six district local boards, *viz.*, Ahmedabad and Broach in the Northern Division, Ahmednagar and Poona in the Central Division and Belgaum and Dharwar in the Southern Division. Where non-official presidents were so appointed, the arrangement under which the work of the boards used to be performed by the Collector's establishment was not allowed to continue, but each board, to which such an appointment was made, was required to have a self-contained office under a competent head or chief officer. In order to assist each such board Government have agreed to grant to it an annual subsidy equivalent to the chief officer's pay and allowances and an annual grant representing the cost of the establishment hitherto entertained in the Collector's office for the transaction of the board's business. It is gratifying to note that the result of the experiment is reported to be successful. In April 1917 Government directed that Commissioners should take steps to instruct the official vice-presidents of district local boards to resign their posts and to select non-officials to take their places. Accordingly non-officials were selected as vice-presidents of all district boards in the Presidency including Sind. The circumstances of taluka local boards are different from those of district local boards as in the case of the former it is difficult to find non-officials with requisite qualities for the posts of vice-presidents. Instructions were however issued to Commissioners that it was the desire of Government that the vice-president of every taluka

local board should be a non-official and that exceptions should only be made when no suitable non-official for the post is forthcoming. It will thus be seen that steps were taken to introduce as far as possible non-official element in the working of the local boards. The Governor in Council trusts that the non-official members of local boards which now enjoy elective majority or in which non-official presidents have been appointed will take more active interest than before in their administration.

In Sind a measure of great importance to the educational interests of local boards has been taken in the encouragement given to Mulla Schools. This measure, which is partly financed from local funds and partly from a special Government grant, has caused a great increase in the number of such schools, and there is good reason to hope that the policy, if steadfastly pursued, may raise the standard of those schools to such an extent as to revolutionise the problem of primary education in the rural tracts of Sind.

The attention of the Commissioners of Divisions and the Commissioner in Sind should be invited to Government Order no. 3518, dated the 17th May 1916, and they should be informed that the information furnished by them regarding the constitution of the district and taluka local boards in statement no. I was not in accordance with the revised form of statement circulated with the Government Order referred to above, and they should be requested to show in future the constitution of the district and taluka local boards separately.

Copies of this Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all Commissioners and Collectors and to the other officers and Departments concerned.

G. A. THOMAS,
Secretary to Government.

G. R. no. 8969, G. D., dated the 27th October 1919.

* The difference between this balance and that shown in the previous year's report as closing balance at the end of the year is due to variations in the district balance accepted by the Accountant General, Bombay.

† Corrected as per Accountant General's letter No. B.K.-121823, dated 30th June 1917.

‡ This amount has been finally ascertained from the Accountant General; last year the actual closing balance in columns 1-16 of statement III was shown as Rs. 79,944. The difference is due to a few adjustments made under the instruction of the Accountant General after the submission of the Administration Report, 1915-16.

* The receipts under this head were shown in the Report for 1913-14 as Rs. 1,32,366. This amount wrongly included Rs. 82,904 for Karáchi and Rs. 32,056 for Sukkur, as these sums were really the proceeds of the rent of fisheries. They have now been taken into account under "Land Revenue" so that the "Miscellaneous" receipts under "Civil Works" for 1913-14 are now shown as Rs. (1,32,366 — 82,904 — 32,056 =) 17,406.

Note.—In case of Dhulia, Sakri, Nandurbar and Shahada, the opening balance entered in col. 4, against each of the above Talukas does not agree with that shown in the last year's return owing to adjustments made in March Final accounts for 1916-17.

Statement showing the Income and Expenditure of the Taluka Local Boards in the Bombay Presidency during the year ending 31st March 1918.

[Sanctioned by G. R., G. D., No. 846, dated 30-1-13.]
